

LEADING THE WAY IN QUALITY ASSURANCE ACROSS ASIA-PACIFIC

ADAMAS Consulting combines global quality assurance expertise with deep regional knowledge across Asia-Pacific. Through our network of local auditors and subject matter experts, we deliver independent GxP auditing, inspection readiness, and quality consulting services throughout the region.

With an established presence in the region **since 2013**, including our wholly owned office in Mumbai, India, ADAMAS APAC combines global **quality standards** with **local regulatory expertise** to help organizations navigate increasingly complex regulatory environments with confidence.

Our regional presence is complemented by a **network of experienced local auditors** and subject matter experts, enabling us to deliver **consistent, high-quality services** tailored to the unique regulatory and operational requirements of each market.
